REVISED STATEMENT OF OBJECTIVES

KC-135 Program Office 01 August 1997

1.0 PURPOSE

Provide acquisition logistics support to ASC/GRR.

2.0 SCOPE

The Aeronautical Systems Center (ASC), KC-135 Development Systems Office (DSO), requires logistics support in the following areas: prepare and process logistics plans and documents to support the Program Director; provide updates to logistics plans and schedules as requested and respond to program office calls; participate in the preparation and coordination of Request for Proposals (RFPs); provide source selection support; and assist in the monitoring and evaluation of contractor submitted data. This effort involves the functional element of Logistics Management Support as identified under paragraph 3.1.2 of the basic Statement of Objectives (SOO) for acquisition logistics contract support. NO ENGINEERING SUPPORT WILL BE PROVIDED UNDER THIS TASK ORDER BY THE CONTRACTOR.

3.0 RESPONSIBILITIES

3.1 Task Requirements Descriptions

The contractor shall perform acquisition logistics effort in support of the KC-135R Multipoint Refueling System (MPRS), OC-135B Open Skies Hush Kit Program, OC-135 Open Skies Fixed Site Processor (FSP), Reduced Vertical Separation Minimum (RVSM) and CINC Acquisition Modification (CINC-AM) programs. This effort shall consist of the following tasks:

3.1.1 <u>Integration of Maintenance Planning (MP)</u>:

The contractor shall provide maintenance planning for aircraft and equipment acquisition including:

- a. Assisting in planning Interim Contractor Support (ICS) requirements.
- b. Assisting in logistics support of test programs.
- c. Assisting in identification for Contractor Logistics Support (CLS), and Contractor Repair Support (CRS) requirements.
 - d. Assisting in facilities and training resources.

3.1.2 Integration of Supply Support (SS):

The contractor shall perform the following supply support tasks:

- a. Assisting in the identification and acquisition of spare and repair parts.
- b. Assisting in the development of provisioning strategies.

3.1.3 <u>Integration of Support Equipment (SE):</u>

The contractor shall perform the following support equipment tasks: (DI-MISC-80508,SEQ A0004)

- a. Assist in the review and monitoring of Support equipment.
- b. Assist in the review and processing of Support Equipment Recommendation Data (SERDs).
- c. Assist in identifying, quantifying, and programming operational support equipment and support equipment required for test and evaluation.
 - d. Assist in identifying candidates for breakout.
- e. Assist in identifying, quantifying, and programming support elements needed to maintain support equipment, spares, technical data and calibration requirements.

3.1.4 Integration of Training and Training Support (TTS):

The contractor shall perform the following Training and Training support tasks:

- a. Define and develop operational and maintenance training requirements.
- b. Assist in planning follow-on crew and support personnel training.
- c. Assist in defining training system device requirements.

3.1.5 Integration of Facilities (FA):

The contractor shall perform the following Facilities tasks:

Assist in the identification of new and/or modified facility requirements for maintenance, training, and storage.

3.1.6 Integration of Design Interface (DI):

The contractor shall perform the following Design Interface tasks:

- a. Assist in the definition of reliability and maintainability requirements.
- b. Assist in identifying milestones for key program events where logistics related design parameters are established, assessed, or modified.
 - c. Assist in identifying logistics-related design parameters.

3.1.7 Integration of Packaging, Handling, Storage & Transportation (PHS&T):

The contractor shall perform the following PHS & T task:

Assist in establishing PHS&T concepts and criteria, andidentying requirements.

3.1.8 Logistics Support Analysis (LSA):

The contractor shall provide Logistics Support Analysis support including, but not limited to the following tasks:

- a. Assisting in the evaluation of Logistics Support Analysis studies, identifying discrepancies and recommending changes.
 - b. Provisioning and LSA Conferences.

3.1.9 Warranties:

The contractor shall provide warranty support including, but not limited to the following:

- a. Assist in planning and review of contractor system/sub-system warranty programs.
- b. Assist in the collection of data to support the warranty program.

3.1.10 Change Proposal and Document Evaluation:

The contractor shall evaluate Engineering Change Proposals (ECPs), Contract Change Proposals (CCPs), draft directives, and military specifications and standards for logistics impacts. As a minimum, this evaluation shall ensure the following: that applicable logistics elements have been considered; proposed coverage is adequate and suitable; omission of necessary coverage has been determined; and duplications of coverage has been noted. This task shall also include reviewing, monitoring, and verification of contractor submitted logistics data. (DI-MGMT-80368/T, SEQ A0002; DI-MISC-80508, SEQ A0004)

3.1.11 Life Cycle Cost (LCC)/Design To Cost (DTC):

The contractor shall provide the following LCC/DTC support:

Assist in identifying logistics data for development of Life Cycle Cost Management (LCCM)/Design to Cost (DTC).

3.1.12 Source Selection Support

The contractor shall provide the following source selection support:

- a. Assist in planning, developing, and preparing acquisition documentation.
- b. Attend bidder conferences with industry as a technical representative of ASC/GRR.
- c. Assist ASC/GRR in responding to bidder questions.
- d. Provide technical evaluation advice for DSO source selection efforts.
- e. Assist in developing Factors and Standards to be used as evaluation criteria.

3.2 Review Participation

As required under paragraph 3.0, the support contractor shall attend program reviews. (DI-MGMT-80368/T, SEQ A0002, DI-MISC-80508, SEQ A0004)

3.3 Briefing Support

As required under paragraph 3.0, the contractor shall assist in the preparation of briefing material. This shall include compiling background information, organizing the information, writing the information in briefing format, preparing talking papers, and providing backup information as required. (DI-ADMIN-81373, SEQ A0001)

4.0 GENERAL INFORMATION

The contractor shall perform the following tasks in accordance with this task order, the SOW, and the basic contract.

4.1 Travel

The contractor shall travel, as requested and authorized, to participate in meetings such as: Technical Interchange Meetings (TIMs), Integrated Logistics Support Management Team (ILSMT). Program Management Reviews (PMRs), Preliminary Design Reviews PDRs), Critical Design Reviews (CDRs), Audits, etc., and to perform research necessary to the accomplishment of the assigned tasks. (DI-MGMT-80368/T, SEQ A0002)

4.2 Reports/Data and Other Deliverables

All data/reports and deliverables shall be delivered in accordance with the Contract Data Requirements List (CDRL) DD Forms 1423. The following Contract Data Requirements Lists (CDRLs) and Data Item Descriptions (DIDs) apply to this task order: DI-MGMT-80368, CDRL A0002; DI-ADMIN-81373, CDRL A0001; DI-ADMN-80447/T, CDRL A0003; DI-MISC-80508, CDRL A0004.

4.3 Period of Performance

The period of performance for this effort shall be from 7 March 1997 through 6 March 1998.

4.4 Security Classification

Access to classified information, up to and including SECRET, will be required. Preparation and/or storage of classified information will not be required. The DD Form 254 will be used as guidance for all classified information access.

4.5 Cognizant Office

The point of contact for this effort is Mr. Will Porter, ASC/LCA. Mr. Porter may be reached at (937) 255-6606.

4.6 Work Location

Accomplishment of tasks required bypara 3.0 will require on-site work at Wright-Patterson AFB, Ohio, and at various contractor, subcontractor, and Air Force facilities located throughout the continental United States. The contractor will be provided workspace.

4.7 Contractor Relationships/Supervision

In interactions and dealings with system contractors/ subcontractors, the contractor shall perform work for investigation purposes only. The contractor shall not provide direction nor otherwise interject into Government/system contractor/subcontractor relationships. Contractor personnel shall not be under the direct supervision of Air Force personnel.
